Important Information about Procedures - To help the government fight the funding of terrorism and money laundering activities, Federal law requires all financial institutions to obtain, verify, and record information that identifies each person who opens an account. What this means for you: When you open an account, we will ask for your name, date of birth and the physical address of the business and, if different, the mailing address. We will also ask for a TIN/EIN (this may be your social security number) and other information that will allow us to identify you such as your non-expired driver's license or other identifying documents.
